

**I Can Only Imagine      E   E7sus   A   B**

**E                      E7sus                      A                      B**

I can only imagine what it will be like When I walk by your side.

**E                      E7sus                      A                      B**

I can only imagine what my eyes will see When your face is before me.

**E    E7sus                      A                      B**

I can only imagine                      I can only imagine.

**Chorus**

**A    B**

Surrounded by Your glory, what will my heart feel

**E**

Will I dance for You Jesus or in awe of You be still

**A    B**

Will I stand in Your presence or to my knees will I fall.

**E**

Will I sing hallelujah, will I be able to speak at all.

**A              B                      E**

I can only imagine                      I can only imagine.

**E                      E7sus                      A                      B**

I can only imagine when that day comes When I find myself standing in the Son.

**E                      E7sus                      A                      B**

I can only imagine when all I will do is forever forever worship You.

**E    E7sus                      A                      B**

I can only imagine                      I can only imagine.
